Foundation

Building
for the
Future

Improvement

The new Science Centre

- Designed by AT Architects and will be built on land to the north of *The Limes*, connecting with the existing building
- Approximately 1,600m² at a cost of £8m
- 10 laboratories: 4 for Biology, 3 for Physics and 3 for Chemistry
- One preparation area per floor, plus a staff base
- Science library and study area
- Pupil and staff toilets
- How did we arrive at current plans?

Legacy improvements

- Significantly more, improved space for Geography and Economics/Business Studies.
- Art – which continues to be an incredibly strong department - would also enjoy considerably better purpose-made accommodation arising from the legacy of Chemistry rooms (G4, G5 & G6 with a new mezzanine in G4).
- Significant facility for extra dining which would facilitate day-to-day activities such as prep and wet break.
- The plan allows complete removal of portable buildings so that the campus is free of portable buildings

Timeline

- Planning: Approved
- Autumn 2020: Tender period
- Winter 2020/21: Contractor appointed
- Q1 2021 – Q2 2022: Construction period
- Q2/Q3 2022: Fit out
- September 2022: Grand opening – ready for teaching.
- This will benefit everyone in the Foundation from current Year 10 down.

Science Campaign Board

- Made of up Friends of Princethorpe
 - Current Parents
 - Past Parents
 - Old Princethorpians
 - Very Special Old Princethorpians (VSOPs)
- Who have;
 - the influence, gravitas, business acumen and enthusiasm to drive forwards the Capital Campaign and ensure a successful outcome.
