

FUTUREWISE CAREER INSIGHT EVENTS

2018

Unsure what subjects to study? Want to learn more about university courses or discover your career path? Attend one of our Futurewise career insight events to find out more!

What are Futurewise career insight events?

The events give students in years 11–13 (S4–6 in Scotland) the chance to meet with professionals from industry and learn what it is really like to work in their field.

The events take place at employer workplaces and universities, giving you the chance to gain real insight and experience new environments.

Take part in networking sessions, hands on activities, learn valuable skills and meet new friends from other schools. All of this will help you prepare for your next steps and set you up for success in years to come.

Why should you attend?

- Discover a range of post 18 options in a career area
- Decide whether it is the right career for you
- Network with business professionals and other students
- Stand out from the crowd on your personal statement and CV
- Make friends with like-minded students and have fun!

"Thank you for organising this fantastic event; I found it invaluable in aiding my decision regarding what I want to do in life!"

Maths and Economics delegate
