

E-Modules

Head Injury & Concussion Management

These modules have been designed specifically for the school setting, covering everything you need to know to ensure you can safely manage head injuries.

What is included?

- Easy to use e-modules for staff, medical teams, parents and players
- Interactive learning with quizzes and real-life scenarios
- Save your progress and come back later if you can't finish the e-module in one go
- Downloadable certificate of completion
- Ability to track who has completed the e-modules at your school so you can evidence that everyone is up to date with the latest concussion knowledge

We believe that head injuries are managed best when all staff, coaches, parents and players have undertaken education so we would recommend everyone completes our e-modules which are included free within your school's package with Return2Play. E-modules for staff take between 45-60 minutes to complete, whilst those for parents and players take 15 minutes.

To access your e-learning modules:

- Go to <https://education.return2play.org.uk>
- Select the course for you
- Select 'Buy Now'
- Select 'Have a coupon?'
- Enter your school's coupon: **r2pclient1**
